Looking for Solutions of Mission Challenges

Geoffrey G. Mbwana

President of East-Central Africa Division

I wish to pass a very warm congratulation to the University of Sahmyook for starting this venture of the AAMM journal of missions. And on behalf of the East Central Africa Division, and the other divisions in Africa, I want to thank you for inviting us to be a part of this very important venture which I believe will contribute a lot to the enhancement of mission in our respective regions.

And I believe that through this journal a very valuable exchange comes of ideas and scholastic presentations, the missions will benefit a lot. Our regions are faced with a lot of mission challenges which are looking for solutions and we look forward to have this platform to one such as will generate ideas that will benefit the work. Again, we congratulate you and thank you for having us as a part of the journal.
